

## Water and Sanitary Sewer Connection Fees - July 2018 - June 2019

1. These are the connection fees for properties located within the Town of Blacksburg Corporate Limits.
2. The standard meter size for a single family dwelling is 5/8-inch.
3. Please contact the Engineering and GIS Department at 540-443-1300 for connection fees for properties served by the town but located outside the Town of Blacksburg Corporate Limits.
4. Please contact the Engineering and GIS Department at 540-443-1300 for connection fees for water meter sizes greater than 2 inches.
5. These fees include the cost for the town to provide a connection from an existing water or sanitary main to the property line of the lot to be served.
6. These fees do not include the cost to extend a water or sanitary sewer main to a property where a main does not currently exist. Please contact the Engineering and GIS Department 540-443-1300 for information on main extensions.
7. These fees do not include the cost of the building permit (if required). Please contact the Building Department at 540-443-1332 for questions concerning building permit requirements.
