RE: 402 Clay Street Rezoning
Job No. 2803.0

Dear Ms. McClung:

Please consider this letter as our formal request to table the proposed PRD zoning request for 402 Clay Street. We're working on making some revisions to the request to address your concerns and want to have adequate time to complete those. We anticipate having the application, narrative, concepts, and renderings complete within the next 60 to 90 days. We would anticipate coming back to a Planning Commission work session with our revised materials.

Please do not hesitate to call and/or email me with any questions or concerns you may have.

Sincerely,
Gay and Neel, Inc.

John T. Neel, P.E.
President
